

Civica HR Advisor

Managed HR and legal advice from Winckworth Sherwood LLP

Employees are a key asset and fundamental to your organisation. However, managing employees and HR issues can be a time consuming and sometimes costly process. Our strategic partners Winckworth Sherwood LLP provide a robust and commercial approach when advising on HR and employment law issues. Through Civica HR Advisor they operate a dedicated HR helpdesk which gives you direct access to a specialist team of lawyers and HR professionals who can provide support with a range of HR and employment law issues.

Your flexible legal partner

The Civica HR Advisor legal retainer means you can contact Winckworth Sherwood LLP by calling a direct helpline which rings straight through to their team of HR and employment law advisers, or by dedicated email. Your adviser will, in most cases, provide immediate advice and aim to respond to emails within four hours. When the advice is more in-depth or needs more time, they will let you know in advance. The advisers will work to any urgent deadlines or timescales.
