

CIVICA

Transforming the way you work

Civica Cloud Solutions

Your partner for cloud success

Civica helps
1 million
professionals
in their jobs every day

98%
customer
renewal
rate on Civica's Secure Managed Cloud

Over **£1.5 billion**
of secure payments
are processed in the
Civica Cloud every year

At Civica we understand that choosing the right cloud solution for your business can be a challenge

That's why we have a range of cloud solutions to exactly match your business needs.

Trusted by over 500 organisations worldwide, we work in partnership with our clients on projects of all sizes and at every stage of the process – from helping identify your strategy through to building and managing the right cloud solution for you.

Enjoy the full benefits of cloud

The cloud has many benefits, including **flexibility, scalability, agility, security, resilience** and – depending on the project – **performance gains and lower costs**.

Our expert cloud advisors will ensure you make the most of the available benefits; firstly by conducting an evaluation process to take into account your data impact levels, current infrastructure, budget and more. Then by working with you; **evaluate, identify, design, implement and manage the best solution for your organisation** – whether it's a public, private or hybrid cloud.

We're providing cloud-based services to **500+ customers and growing**

Universities Superannuation Scheme (USS) **transforms user experience and achieves saving of 33%** in a Civica Secure Managed Cloud

Why Civica?

Expertise

Combining **exceptional customer focus, experience and commitment**, we employ the right people, with the right skills to transform your business.

People

Knowledge, integrity and action are the values we live by - it's the **people of Civica and our culture** that really sets us apart.

Four cloud models to choose from:

Civica Secure Managed Cloud

1

Your fast track to a secure, managed infrastructure

- ▶ Secure Civica UK data centres
- ▶ Certified to IL3, PCI DSS, IGSoc, ISO 27001, ISO 20000, ISO 14001, ISO 9001 and ISO 22301
- ▶ Guaranteed service level agreements (SLAs)
- ▶ Peace of mind - fully managed by experts
- ▶ Secure shared or dedicated options available
- ▶ Flexible, scalable infrastructure
- ▶ Provisioning on demand
- ▶ Affordable pricing options
- ▶ Ideal for Official, business-critical data and highly regulated industries

Civica Public Cloud

2

Instant access to affordable, on demand infrastructure

- ▶ Self-service cloud infrastructure for your business or applications
- ▶ On demand compute and storage capacity
- ▶ Ideal for non business-critical, low-risk data
- ▶ SLAs, security and data recovery available
- ▶ Instant access to low-cost infrastructure
- ▶ Flexibility to meet your business needs

Civica Secure Public Cloud

3

Instant access with added levels of security

- ▶ Leverage a shared platform with increased levels of security
- ▶ Up to IL3 and PSN protected cloud hosting
- ▶ UK-based, secure and fully scalable infrastructure
- ▶ ISO 27001, ISO 14001 and ISO 9001 certifications
- ▶ PGA accredited services

Civica Hybrid Cloud

4

Get the right cloud approach for your organisation

- ▶ Your perfect mix of public, private cloud and on-premise infrastructure
- ▶ High levels of security, managed risk and best cost efficiencies
- ▶ Fully managed and supported service
- ▶ Tailored to suit your business goals and needs
- ▶ Flexibility to change and scale as your business evolves

Partnerships

Our flexibility and ethos means we really do work in partnership with our clients and is why **we have a 98% customer retention rate with our Secure Managed Cloud.**

Heritage

Strong financial performance and **14 years unbroken growth**, combined with a heritage steeped in helping organisations deliver operational and process efficiencies - **our track record speaks for itself.**
