Agylia eLearning Library

Government Collections

Staying on top of regulation, managing change and controlling costs are essential in today's public sector. The pace of political and legal transition means that all organisations face real challenges to create an engaging and transparent training environment that properly supports the modern learner.

The Government Collection helps you to deliver up-to-date and relevant learning that produces tangible performance benefits and maintains compliance.

CPD accreditation and certification for every lesson allows you to make sure that all learning is compliant and reliable. The content is continuously refreshed to ensure learners are always up-to-date.

Collections are easily added to your Agylia Learning Management System (LMS) and are fully responsive, providing a great user experience across desktop, tablet and mobile devices. Whether learners are in the office, at home, travelling or working away, they'll have access to their eLearning.

Government – public sector
