

LinkSafe for Education

Centralised, customisable contractor management software for future-ready learning environments

At LinkSafe by Civica, we recognise the unique challenges faced by the education sector in managing contractors, including the cumbersome manual processes required for ensuring proper documentation and compliance with safety protocols.

Additionally, standard induction processes are often time-consuming and lack consistency, hindering effective onboarding of contractors, volunteers, relief staff, sports coaches and more.

The absence of a centralised monitoring system further complicates tracking compliance and maintaining accurate records for audits and inspections, leading to a process that is both cumbersome and prone to errors.

LinkSafe helps you with:

Why choose LinkSafe for your school?

Our solutions enhance **school safety and compliance**, efficiently managing everyone on campus with proactive compliance measures and **automated streamlined processes**.

LinkSafe by Civica ensures all campus visitors – from contractors and volunteers to sports coaches and casual relief staff – meet necessary requirements, maintain compliance and understand all safety protocols before undertaking any tasks.

200+

educational sites managing compliance daily in LinkSafe

Contractors

With streamlined compliance processes, Civica LinkSafe makes it quick and easy for contractors to meet all necessary requirements.

Volunteers

Onboarding volunteers is a breeze with our system. From the initial induction to monitoring their documentation, we make sure everything's in order. This means you can focus on the event, knowing that all compliance checks are complete, and your students are safe.

Casual relief staff

This platform facilitates comprehensive and detailed inductions for your casual relief staff, ensuring they are fully informed about all school requirements.

Sports coaches

With Civica LinkSafe, managing sports coaches becomes hassle-free. This system ensures they are properly licensed and fully aware of all necessary safety protocols, including concussion procedures where required, before they interact with your students.
