

LinkSafe for Retail

Centralised, customisable contractor management software for all your Retail operations.

At LinkSafe by Civica, we recognise the unique challenges faced by Retail organisations in managing contractors, including the cumbersome manual processes required for ensuring proper documentation and compliance with safety protocols.

Additionally, standard induction processes are often time-consuming and lack consistency, hindering effective onboarding of contractors, suppliers, vendors, volunteers and more.

The absence of a centralised monitoring system further complicates tracking compliance and maintaining accurate records for audits and inspections, leading to a process that is both cumbersome and prone to errors.

Why choose LinkSafe for your Retail operations?

Our solutions enhance **safety and compliance**, efficiently managing everyone on site with proactive compliance measures and **automated** streamlined processes.

LinkSafe by Civica ensures all site visitors – from contractors and suppliers to merchandisers and security – meet necessary requirements, maintain compliance and understand all safety protocols before undertaking any tasks.

2,500+

Retail sites managing compliance daily in LinkSafe

LinkSafe helps you with:

Contractors

Efficiently onboard and automatically monitor compliance for all the companies you use (insurances, safety documents, qualifications etc) for all your trades, maintenance, construction etc.

Suppliers

Easily meet requirements for onboarding, inducting and monitoring documentation for all merchandisers, suppliers & vendors coming onto your sites.

Distribution Centers

From contractors to staff and labour hire, ensure all personnel in your distribution centres are fully compliant and aligned with your operational and compliance requirements.

Logistics

Streamlined automated processes ensure compliance is maintained when goods enter and leave your distribution centers and retail sites.
