

Civica Engage

Helping health and community care organisations to build engaged communities

Civica Engage, a cloud-based membership, panel and stakeholder management software, supports various organisation with public, patient and employee engagement programmes.

Good engagement with clients, communities, members and employees, whilst challenging is vital, especially as budgets continue to be stretched and employees are under pressure to deliver more for less.

We can help you have the right conversations at the right time, with the right people in a meaningful way. Working in partnership with you, we make engagement efficient, effective and more than a tick box exercise. Whether you need to recruit new members and stakeholders, communicate with those you already have or talk to the wider local or national community, Civica Engage helps you do this in the most effective way possible.

“Civica Engagement Solutions understands that not one size fits all, are extremely responsive to their customers’ needs and have a fantastic understanding of engagement.”
