

# Agylia

Agile digital learning technology for an informed and compliant organisation across the globe

Agylia supports organisations and their people with digital learning through innovative learning management, Continuing Professional Development (CPD), mobile learning, and custom eLearning solutions.

The platform adopts a sleek, fully-branded custom user interface that enables learners to easily navigate and access custom e-learning content as individual courses or entire curricula. Agylia caters to microlearning, video, podcasts, eBooks, digital libraries, PDF files, and weblink content delivery.

Manage, schedule, and include map references for your classroom-based training so that learners can locate your classroom or training centre with a single click.

Meet the most demanding compliance and regulatory frameworks through Agylia's extensive compliance functionality, curricula control, and certification management.

Save administration time and integrate Agylia with other systems across your organisation, including HR, Talent Management, CRM, eCommerce, and identity management systems.

Support users outside of your organisation, such as suppliers, distributors, and customers, as well as your staff with Agylia's extended enterprise.

## Why choose Agylia:

Intuitive user experience and highly configurable digital learning content.

Support risk management and compliance with streamlined integration to essential business systems.

Blended learning delivery customised for your organisation and extended enterprise opportunities.

## Key features:

- An LMS and Apps that look and feel like your brand.
- Apps compatible with iOS and Android devices.
- Experience API (xAPI) and SCORM support, with integrated Learning Record Store (LRS).
- Gamification for fun, challenging, engaging and effective learning.
- Multilingual configuration for learners
- Class-leading security to protect your data.
- True Cloud solution for massive scalability with a global content delivery network.

"We use Agylia to deliver a whole range of digital learning resources. This includes prestigious eLearning and microlearning courses and a range of performance support materials, such as videos and PDF documents, all accessed by 20,000 Deloitte staff across the UK and selected European countries"

Mat Tinker, Senior Learning Manager at Deloitte
