

Authority Tax

Simplify your tax collection and filing

Save time and peace of mind with robust collection options for any size municipality.

Boost revenue collections

Bills are automatically created when a balance is added to the account and print as scheduled. Help reduce and manage delinquencies with the ability to:

- Calculate payments and run reports with instalment plan collections
- Track court cases and print court documents
- Add court fees to a taxpayer's account.

Tailored to your needs

Find the best fit for your municipality's reporting needs. Choose from a library of prepared data or customize your reports for auditing, data analysis, and council.

“

Authority Tax has streamlined our tax collection process resulting in a significant increase in revenues from delinquent tax accounts by more than \$500k in a year.”

Ted Nussman, Tax Commissioner,
City of Cincinnati

Data at glance

Create reconciliations quickly and efficiently. W-2 data is instantly viewable from both the withholder's tax account and individual taxpayer's account. W-2 filing is made easy for both taxpayer and tax office by importing files with Authority Tax.

Increase accuracy

No more side-by-side data comparisons. With automated calculations, you can have peace of mind your tax data is correct while reducing the time spent manually entering data.

Simplified Collections

Collect for multiple cities at a time and generate separate reports for each entity. Save time on manual processes with:

- Larger batch processing
- Readily available taxpayer information
- Direct access to print forms like 1099's
- Required fields that auto-populate with taxpayers' information
- Automated billing that runs overnight, while calculating penalties, interest charges, and postage.

Why choose Authority Tax?

- Produce easy, accurate tax reports and minimize administration time
- Customize your reports with user-defined reporting to get exactly what you need
- Manage delinquent accounts with automated billing
- Go paperless. Import W-2 files and eliminate the need for withholders to provide paper copies of employee W-2's.
