

## Authority Tax Connect

Give taxpayers the flexibility to file and pay taxes from anywhere

Drive efficiency savings with the ability to file online

### Accessible payment options

Taxpayers can pay from the comfort of their home with either credit card information or pay directly from their bank account.

### Simplified customer experience

For citizens with multiple tax accounts, access to E-file requires a single web login where they can make payments for all their accounts. Citizens can easily register for a web login with SSN/EIN and an account number.

### Increased productivity

Account details are managed by the taxpayer, eliminating the need for office administration to create or maintain taxpayer's account details. Save valuable time during the busy tax season by allowing citizens to complete their tax returns and upload supporting documents online.

### Tailored to your needs

Customize verbiage on the website, so it matches your municipality's approach to tax collection.

### Seamless Integration

E-filed returns and payments made via Tax Connect are easily imported and processed through Authority Tax.

### Why choose Authority Tax Connect?

- Easily collect taxes with multiple payment options and E-filing availability from a single website
- Empower taxpayers to manage and make changes to multiple accounts with a single login
- Reduce administration by 25% or more by automating manual tasks
- Web features can be customized, letting you decide which features are suitable for your office and taxpayers.
